U. S. PATENT OFFICE

THE NEW *Trimline* DINETTES IN BLACK 'N GOLD COLOR

The original "Trimline" group is now further enhanced with the addition of a number of new and striking tables and chairs. Tables T-2051 and T-2052 are trimmed with a smart new "Black 'n Gold" color apron and distinctive leg decoration. This apron and it's decorative black insert are of anodized, extruded aluminum, which always retains it's original satin-like lustre. The leg decoration is of strong, polished die-cast metal. T-2056 and T-2057 are new self-edge tables, and T-2053 is an interesting new drop-leaf table. C-1068, C-1069, C-1070 and C-1071 are the latest designs in Trimline chairs — and truly distinctive.

All of the extension tables have large self-aligning metal glides that assure flat, firm contact with the floor regardless of unevenness. The new Trimline chairs are likewise fitted with self-aligning metal floor glides, and what's more, these are rubber-cushioned so that the chairs may be moved about in comparative silence and ease. Additional new plastic table top patterns (including new wood grains) and chair covers combine with the previous offering of tops and covers, to make an array from which to select many exciting and beautiful combinations.

THE NEW *Chrome* DINETTES

Two deluxe extension tables have been added to this group — T-3029 and T-3030. These new tables have a new and attractive looking apron with contrasting black insert. Both apron and insert are of extruded aluminum, with an anodized finish, which keeps its original clean and polished lustre. The lower part of the 1" tubular steel legs are nicely tapered and formed at the bottom to take large self-aligning black plastic floor glides. T-3031 is a new drop-leaf table, which when extended has the rigidity and looks of a regular four-leg extension table.

Four newly designed chrome chairs are incorporated in the line, and two of these, C-1074 and C-1075, have tapered legs to match the new extension tables, as well as rubber-cushioned, self-aligning metal floor glides. New table top patterns and chair covers (see price list) have been added to give extra spice to the entire Lloyd Chrome Dinette group.

RETURN TO
DESIGN DIV.

T-2052 EXTENSION TABLE

36" x 48" x 60" top has smart "surfboard" shape. 2" gold color apron and polished black insert of extruded aluminum, anodized to retain original lustre. Strong, die-cast metal leg ornament in gold color. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 64 lbs. K.D.

T-2051

30" x 40" x 48" top, otherwise same as T-2052. Shipping weight approximately 49 lbs. K.D.

C-1069 CHAIR

16" x 16" box cushion seat, 2½" thick, with rubber cushioning and double welt of black extruded plastic. Heavily padded back with welt of black extruded plastic. Legs of 1" tubular steel, tapered at bottom and fitted with rubber cushioned self-aligning floor glides and ferrules of gold color metal. Overall height 33". Shipping weight approximately 70 lbs. per carton of 4.

T-2052 EXTENSION TABLE

36" x 48" x 60" top has smart "surfboard" shape. 2" gold color apron and polished black insert of extruded aluminum, anodized to retain original lustre. Strong, die-cast metal leg ornament in gold color. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 64 lbs. K.D.

T-2051

30" x 40" x 48" top, otherwise same as T-2052. Shipping weight approximately 49 lbs. K.D.

C-1070 CHAIR

17" x 17" heavily padded form-fitting seat with cantilever effect. Tubular frame back has padded back rest with gold color metal rod insert. Frame of $\frac{3}{4}$ " tubing. Rubber cushioned, self-aligning floor glides and ferrules of gold color metal. Overall height 32". Shipping weight approximately 30 lbs. per carton of 2.

T-2052 EXTENSION TABLE

36" x 48" x 60" top has smart "surfboard" shape. 2" gold color apron and polished black insert of extruded aluminum, anodized to retain original lustre. Strong, die-cast metal leg ornament in gold color. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 64 lbs. K.D.

T-2051

30" x 40" x 48" top, otherwise same as T-2052. Shipping weight approximately 49 lbs. K.D.

C-1068 CHAIR

16" x 16" heavily padded form-fitting seat with cantilever effect. Heavily padded back. Legs of 1" tubular steel, tapered at bottom and fitted with rubber-cushioned self-aligning floor glides and ferrules of gold color metal. Overall height 31½". Shipping weight approximately 64 lbs. per carton of 4.

T-2052 EXTENSION TABLE

36" x 48" x 60" top has smart "surfboard" shape. 2" gold color apron and polished black insert of extruded aluminum, anodized to retain original lustre. Strong, die-cast metal leg ornament in gold color. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 64 lbs. K.D.

T-2051

30" x 40" x 48" top, otherwise same as T-2052. Shipping weight approximately 49 lbs. K.D.

C-1071 CHAIR

16½" x 15½" heavily padded form-fitting seat. Heavily padded back rests with gold color metal rod insert in "sun-burst" design. Frame of ¾" tubing. Legs fitted with rubber-cushioned self-aligning floor glides and ferrules of gold color metal. Overall height 32". Shipping weight approximately 66 lbs. per carton of 4.

T-2052 EXTENSION TABLE

36" x 48" x 60" top has smart "surfboard" shape. 2" gold color apron and polished black insert of extruded aluminum, anodized to retain original lustre. Strong, die-cast metal leg ornament in gold color. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 64 lbs. K.D.

T-2051

30" x 40" x 48" top, otherwise same as T-2052. Shipping weight approximately 49 lbs. K.D.

C-1055 CHAIR

16" x 16" heavily padded seat. Heavily padded back rest. Frame of $\frac{3}{4}$ " tubing. Leg ferrules of gold color metal and angled floor glides of clear plastic. Overall height 31". Shipping weight approximately 53 lbs. per carton of 4.

T-2042 EXTENSION TABLE

30" x 40" x 48" top has popular "surfboard" shape. 1 $\frac{3}{8}$ " gold color apron of extruded aluminum, anodized to retain original lustre. Strong, die-cast metal leg ornament with gold color finish. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 48 lbs., K.D.

C-1056 CHAIR

16" x 16" heavily padded seat. Frame of $\frac{3}{4}$ " tubing with gold color metal rod insert in "hour-glass" design. Gold color metal ferrules and angled floor glides of clear plastic. Overall height 31". Shipping weight approximately 45 lbs. per carton of 4.

T-2043 EXTENSION TABLE

36" x 48" x 60" top has popular "surfboard" shape. 2" gold color apron of extruded aluminum, with anodized finish to retain it's original lustre. Strong, die-cast metal leg ornament with gold color finish. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 64 lbs., K.D.

C-1066 CHAIR

16" x 16" box cushion seat, 2" thick with rubber cushioning and welt of black extruded plastic. Heavily padded shaped back with black welt. Frame of $\frac{3}{4}$ " tubing. Legs fitted with gold color metal ferrules and angled floor glides of clear plastic. Overall height 31 $\frac{1}{2}$ ". Shipping weight approximately 55 lbs. per carton of 4.

T-2043 EXTENSION TABLE

36" x 48" x 60" top has popular "surfboard" shape. 2" gold color apron of extruded aluminum, with anodized finish to retain it's original lustre. Strong, die-cast metal leg ornament with gold color finish. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 64 lbs., K.D.

C-1064 CHAIR

16" x 16" box cushion seat, 2" thick, with rubber cushioning and black extruded plastic welt. Frame of $\frac{3}{4}$ " tubing with gold color metal rod insert in "hour-glass" design. Gold color metal ferrules and angled floor glides of clear plastic. Overall height 31". Shipping weight approximately 46 lbs. per carton of 4.

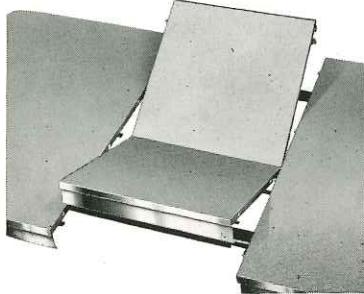

C-1067 ARM CHAIR

Same specifications and design as C-1064 except has tubular steel arms. Shipped K.D. and may be included as part of pack of 4 chair carton. For instance one C-1067 and three C-1064 chairs will go in one carton.

**T-2044 EXTENSION TABLE
With "Self-Storing" Leaf**

36" x 54" x 72" top has 18" self-storing, folding leaf — conceals under table when not in use. 2" gold color apron of extruded aluminum, with anodized finish to retain its original lustre. Strong, die-cast leg ornament with gold color finish. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 74 lbs. K.D.

**SELF STORING FOLDING
EXTENSION LEAF**

It's just a matter of seconds to place this self-storing folding leaf in position when a larger table surface is desired. The leaf and the apron on the leaf fold up and are stored underneath the table top when not in use.

C-1057 CHAIR

16 $\frac{3}{4}$ " x 15 $\frac{3}{4}$ " box cushion seat, 2 $\frac{1}{2}$ " thick, with rubber cushioning and black extruded plastic welt. Heavily padded, form-fitting back with black extruded plastic welt. $\frac{3}{4}$ " tubular frame fitted with gold color metal ferrules and angled floor glides of clear plastic. Overall height 31 $\frac{1}{2}$ ". Shipping weight approximately 63 lbs. per carton of 4.

T-2056 EXTENSION TABLE

30" x 40" x 48" top has "surfboard" shape and self-plastic edge. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 51 lbs. K.D.

C-1064 CHAIR

16" x 16" box cushion seat, 2" thick, with rubber cushioning and black extruded plastic welt. Frame of $\frac{3}{4}$ " tubing with gold color metal rod insert in "hour-glass" design. Gold color metal ferrules and angled floor glides of clear plastic. Overall height 31". Shipping weight approximately 46 lbs. per carton of 4.

T-2057 EXTENSION TABLE

36" x 48" x 60" top has "surfboard" shape and self-plastic edge. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 68 lbs. K.D.

C-1058 CHAIR

16 $\frac{3}{4}$ " x 15 $\frac{3}{4}$ " box cushion seat, 2 $\frac{1}{2}$ " thick, with rubber cushioning and black extruded plastic welt. Heavily padded, form-fitting back with "window" effect, and black extruded plastic welt. $\frac{3}{4}$ " tubular frame fitted with gold color metal ferrules and angled floor glides of clear plastic. Overall height 31 $\frac{1}{2}$ ". Shipping weight approximately 61 lbs. per carton of 4.

T-2057 EXTENSION TABLE

36" x 48" x 60" top has "surfboard" shape and self-plastic edge. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 68 lbs. K.D.

C-1071 CHAIR

16½" x 15½" heavily padded form-fitting seat. Heavily padded back rests with gold color metal rod insert in "sun-burst" design. Frame of ¾" tubing. Legs fitted with rubber-cushioned self-aligning floor glides and ferrules of gold color metal. Overall height 32". Shipping weight approximately 66 lbs. per carton of 4.

**T-2045 ROUND TOP
EXTENSION TABLE**

42" diameter round top extends to 42" x 54" with leaf. 1 $\frac{3}{8}$ " gold color apron of extruded aluminum, anodized to retain original lustre. Strong, die-cast metal leg ornament with gold color finish. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 60 lbs. K.D.

C-1070 CHAIR

17" x 17" heavily padded form-fitting seat with cantilever effect. Tubular frame back has padded back rest with gold color metal rod insert. Frame of $\frac{3}{4}$ " tubing. Rubber cushioned, self-aligning floor glides and ferrules of gold color metal. Overall height 32". Shipping weight approximately 30 lbs. per carton of 2.

**T-2045 ROUND TOP
EXTENSION TABLE**

42" diameter round top extends to 42" x 54" with leaf. 1 $\frac{3}{8}$ " gold color apron of extruded aluminum, anodized to retain original lustre. Strong, die-cast metal leg ornament with gold color finish. Leg ferrules and large self-aligning floor glides of gold color metal. Shipping weight approximately 60 lbs. K. D.

C-1062 CHAIR

16 $\frac{1}{2}$ " x 16 $\frac{1}{2}$ " box cushion, 2 $\frac{1}{2}$ " thick with rubber cushioning and double welt of black extruded plastic. Smartly designed back has tubular metal frame with gold color metal spindles. Double legs of $\frac{5}{8}$ " tubular steel have gold color metal ferrules and glides of clear plastic. Overall height 31 $\frac{1}{2}$ ". Shipping weight approximately 33 lbs. per carton of 2.

T-2048 DROP-LEAF TABLE

30" x 22" top extends to 30" x 47" with two leaves raised. Leaves are tapered and have round corners to give "Surfboard" shape when extended. $\frac{1}{8}$ " gold color metal banding all around edge of top and leaves. Legs of 1" tubular steel, fitted with gold color metal ferrules and clear plastic floor glides. Shipping weight approximately 43 lbs. per carton of 1, K.D.

C-1055 CHAIR

16" x 16" heavily padded seat. Heavily padded back rest. Frame of $\frac{3}{4}$ " tubing. Leg ferrules of gold color metal and angled floor glides of clear plastic. Overall height 31". Shipping weight approximately 53 lbs. per carton of 4.

Above illustrates how table appears when both drop leaves are raised. Note that leaves are fully supported at each corner like top on a regular extension table.

T-2053 DROP-LEAF TABLE

36" x 25" top extends to 36" x 60" with both leaves raised. Legs slide out to rigidly support drop-leaves. $\frac{13}{16}$ " gold color metal banding all around edge of top and leaves. Legs consist of both 1" and $\frac{5}{8}$ " tubular steel members, and are fitted with gold color metal ferrules and clear plastic floor glides. Shipping weight approximately 63 lbs. per carton of 1, K.D.

C-1057 CHAIR

16 $\frac{3}{4}$ " x 15 $\frac{3}{4}$ " box cushion seat, 2 $\frac{1}{2}$ " thick, with rubber cushioning and black extruded plastic welt. Heavily padded, form-fitting back with black extruded plastic welt. $\frac{3}{4}$ " tubular frame fitted with gold color metal ferrules and angled floor glides of clear plastic. Overall height 31 $\frac{1}{2}$ ". Shipping weight approximately 63 lbs. per carton of 4.

Lloyd Trimline CHAIRS

C-1067 ARM CHAIR

16" x 16" box cushion seat, 2" thick, with rubber cushioning and welt of black extruded plastic. $\frac{3}{4}$ " tubular steel back frame with gold color metal rod inserts in "hour-glass" design. Frame of $\frac{3}{4}$ " tubular steel, fitted with gold color metal ferrules and clear plastic angled floor glides. Overall height 31". Shipping weight approximately 50 lbs. per carton of 4. The C-1067 Arm Chair may be included as part of a pack of 4 chair carton containing chairs of another pattern. For example: 1 C-1067 and 3 C-1064 chairs may be included in one carton.

RUBBER CUSHIONED GLIDES: Note that chairs C-1068, C-1069, C-1070 and C-1071 are equipped with rubber cushioned floor glides. Any of the other Trimline chairs may also be equipped with rubber cushioned glides at extra charge. (See price list).

C-1068 CHAIR

16" x 16" heavily padded form-fitting seat with cantilever effect. Heavily padded back. Legs of 1" tubular steel, tapered at bottom and fitted with rubber-cushioned self-aligning floor glides and ferrules of gold color metal. Overall height 31 $\frac{1}{2}$ ". Shipping weight approximately 64 lbs. per carton of 4.

←C-1069 CHAIR

16" x 16" box cushion seat, 2½" thick, with rubber cushioning and double welt of black extruded plastic. Heavily padded back with welt of black extruded plastic. Legs of 1" tubular steel, tapered at bottom and fitted with rubber cushioned self-aligning floor glides and ferrules of gold color metal. Overall height 33". Shipping weight approximately 70 lbs. per carton of 4.

C-1070 CHAIR ↑

17" x 17" heavily padded form-fitting seat with cantilever effect. Tubular frame back has padded back rest with gold color metal rod insert. Frame of ¾" tubing. Rubber cushioned, self-aligning floor glides and ferrules of gold color metal. Overall height 32". Shipping weight approximately 30 lbs. per carton of 2.

←C-1071 CHAIR

16½" x 15½" heavily padded form-fitting seat. Heavily padded back rests with gold color metal rod insert in "sun-burst" design. Frame of ¾" tubing. Legs fitted with rubber-cushioned self-aligning floor glides and ferrules of gold color metal. Overall height 32". Shipping weight approximately 66 lbs. per carton of 4.

T-3030 EXTENSION TABLE

36" x 48" x 60" top with attractive "surfboard" shape. 2" apron and polished black insert of extruded aluminum, anodized to retain original bright lustre. 1" tubular steel legs are tapered and formed at bottom and equipped with self-aligning floor glides of black plastic. Shipping weight approximately 67 lbs., K.D.

T-3029 EXTENSION TABLE

30" x 40" x 48" top, otherwise same design and specifications as T-3030. Shipping weight approximately 48 lbs. K.D.

C-1075 CHAIR

16" x 16" box cushion seat, 2½" thick, with rubber cushioning and double welt of white extruded plastic. Heavily padded back with welt of white extruded plastic. Legs of 1" tubular steel, tapered at bottom and fitted with rubber cushioned self-aligning metal floor glides. Overall height 33" Shipping weight approximately 70 lbs. per carton of 4.

T-3024 EXTENSION TABLE

36" x 48" x 60" top with "surfboard" shape, chrome-steel banding around edge, and apron of chrome-plated steel. Double legs equipped with clear plastic floor glides. Shipping weight approximately 65 lbs. K.D.

T-3023 EXTENSION TABLE

30" x 40" x 48" top, otherwise same design and specifications as T-3024. Shipping weight approximately 48 lbs. K.D.

C-1072 CHAIR

16" x 16½" heavily padded cantilever seat. Heavily padded shaped back. 1" tubular legs fitted with angled floor glides of clear plastic. Overall height 32½". Shipping weight approximately 62 lbs. per carton of 4.

T-3024 EXTENSION TABLE

36" x 48" x 60" top with "surfboard" shape, chrome-steel banding around edge, and apron of chrome-plated steel. Double legs equipped with clear plastic floor glides. Shipping weight approximately 65 lbs. K.D.

T-3023

30" x 40" x 48" top, otherwise same design and specifications as T-3024. Shipping weight approximately 48 lbs. K.D.

C-1052 CHAIR

15½" x 15½" heavily padded seat with rubber cushioning and wrap-around tubular frame. Heavily padded shaped back. Frame of 1" tubular steel fitted with angled floor glides of clear plastic. Overall height 31". Shipping weight approximately 60 lbs. per carton of 4.

T-3030 EXTENSION TABLE

36" x 48" x 60" top with attractive "surf-board" shape. 2" apron and polished black insert of extruded aluminum, anodized to retain original bright lustre. 1" tubular steel legs are tapered and formed at bottom and equipped with self-aligning floor glides of black plastic. Shipping weight approximately 67 lbs., K.D.

T-3029

30" x 40" x 48" top, otherwise same design and specifications as T-3030. Shipping weight approximately 48 lbs. K.D.

C-1074 CHAIR

16" x 16" heavily padded form-fitting seat in cantilever design. Heavily padded shaped back. Legs of 1" tubular steel tapered at bottom and fitted with rubber-cushioned self-aligning metal floor glides. Overall height 31½". Shipping weight approximately 64 lbs. per carton of 4.

T-3024 EXTENSION TABLE

36" x 48" x 60" top with "surfboard" shape, chrome-steel banding around edge, and apron of chrome-plated steel. Double legs equipped with clear plastic floor glides. Shipping weight approximately 65 lbs. K.D.

T-3023

30" x 40" x 48" top, otherwise same design and specifications as T-3024. Shipping weight approximately 48 lbs. K.D.

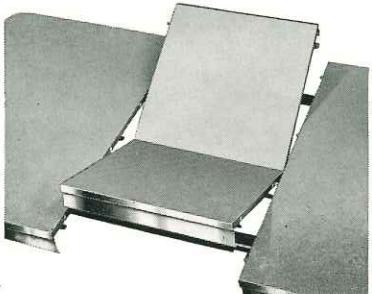

C-1073 CHAIR

16" x 16" box cushion seat, 2½" thick, in cantilever design with double welt of white extruded plastic. Heavily padded, shaped back with welt of white plastic. Legs of 1" tubular steel, fitted with angled floor glides of clear plastic. Overall height 32". Shipping weight approximately 64 lbs. per carton of 4.

**T-3025 EXTENSION TABLE
With "Self-Storing" Leaf**

36" x 54" x 72" top with "surfboard" shape, chrome-steel banding around edge, and apron of chrome-plated steel. Extension leaf folds up and stores itself completely out of sight under table top. Double legs equipped with clear plastic floor glides. Shipping weight approximately 78 lbs. K.D.

C-1060 CHAIR

16 $\frac{3}{4}$ " x 15 $\frac{3}{4}$ " box cushion seat, 2 $\frac{1}{2}$ " thick with rubber cushioning and double welt of white extruded plastic. Heavily padded, deep form-fitting back with welt of white extruded plastic. Angled floor glides of clear plastic. Overall height 32". Shipping weight approximately 67 lbs. per carton of 4.

**SELF STORING FOLDING
EXTENSION LEAF**

It's just a matter of seconds to place this self-storing folding leaf in position when a larger table surface is desired. The leaf and the apron on the leaf fold up and are stored underneath the table top when not in use.

Above illustrates how table appears when both drop leaves are raised. Note that leaves are fully supported at each corner like top on a regular extension table.

T-3031 DROP-LEAF TABLE

36" x 25" top extends to 36" x 60" with two leaves raised. Leaves are nicely tapered and rounded to give "surfboard" shape when top is fully extended. $\frac{13}{16}$ " chrome steel banding all around edge of top and leaves. Legs slide out to rigidly support drop-leaves. Legs made of both 1" and $\frac{5}{8}$ " tubular steel members, and are fitted with clear plastic angled floor glides. Shipping weight approximately 63 lbs., K.D.

C-1073 CHAIR

16" x 16" box cushion seat, $2\frac{1}{2}$ " thick, in cantilever design with double welt of white extruded plastic. Heavily padded shaped back with welt of white plastic. Legs of 1" tubular steel, fitted with angled floor glides of clear plastic. Overall height 32". Shipping weight approximately 64 lbs. per carton of 4.

Lloyd Chrome DINETTES

← C-1072 CHAIR

16" x 16½" heavily padded cantilever seat. Heavily padded shaped back. 1" tubular legs fitted with angled floor glides of clear plastic. Overall height 32½". Shipping weight approximately 62 lbs. per carton of 4.

C-1073 CHAIR →

16" x 16" box cushion seat, 2½" thick, with double welt of white extruded plastic cantilever design. Heavily padded shaped back with welt of white plastic. Legs of 1" tubular steel, fitted with angled floor glides of clear plastic. Overall height 32". Shipping weight approximately 64 lbs. per carton of 4.

RUBBER CUSHIONED GLIDES: Note that chairs C-1074 and C-1075 are equipped with rubber cushioned floor glides. Any of the other chrome chairs may also be equipped with rubber cushioned glides at extra charge. (See price list).

← C-1074 CHAIR

16" x 16" heavily padded form-fitting seat in cantilever design. Heavily padded shaped back. Legs of 1" tubular steel tapered at bottom and fitted with rubber-cushioned self-aligning metal floor glides. Overall height 31½". Shipping weight approximately 64 lbs. per carton of 4.

C-1075 CHAIR →

16" x 16" box cushion seat, 2½" thick, with rubber cushioning and double welt of white extruded plastic. Heavily padded back with welt of white extruded plastic. Legs of 1" tubular steel, tapered at bottom and fitted with rubber cushioned self-aligning metal floor glides. Overall height 33". Shipping weight approximately 70 lbs. per carton of 4.
